Disclaimer

The information contained in this document ("Presentation") has been prepared by KEFI Gold and Copper plc (the "Company"). While the information contained herein has been prepared in good faith, neither the Company nor any of its shareholders, directors, officers, agents, employees or advisers give, have given or have authority to give, any representations or warranties (express or implied) as to, or in relation to, the accuracy, reliability or completeness of the information in this Presentation, or any revision thereof, or of any other written or oral information made or to be made available to any interested party or its advisers (all such information being referred to as "Information") and liability therefore is expressly disclaimed. Accordingly, neither the Company nor any of its shareholders, directors, officers, agents, employees or advisers take any responsibility for, or will accept any liability whether direct or indirect, express or implied, contractual, tortious, statutory or otherwise, in respect of, the accuracy or completeness of the Information or for any of the opinions contained herein or for any errors, omissions or misstatements or for any loss, howsoever arising, from the use of this Presentation.

This Presentation may contain forward-looking statements that involve substantial risks and uncertainties, and actual results and developments may differ materially from those expressed or implied by these statements. These forward-looking statements are statements regarding the Company's intentions, beliefs or current expectations concerning, among other things, the Company's results of operations, financial condition, prospects, growth, strategies and the industry in which the Company operates. By their nature, forward-looking statements involve risks and uncertainties because they relate to events and depend on circumstances that may or may not occur in the future. These forward-looking statements speak only as of the date of this Presentation and the Company does not undertake any obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date of this Presentation.

This Presentation should not be considered as the giving of investment advice by the Company or any of its shareholders, directors, officers, agents, employees or advisers. Each party to whom this Presentation is made available must make its own independent assessment of the Company after making such investigations and taking such advice as may be deemed necessary.

Neither this Presentation nor any copy of it may be (a) taken or transmitted into Canada, Japan, the Republic of Ireland, the Republic of South Africa or the United States of America (each a "Restricted Territory"), their territories or possessions; (b) distributed to any U.S. person (as defined in Regulation S under the United States Securities Act of 1933 (as amended)) or (c) distributed to any individual outside a Restricted Territory who is a resident thereof in any such case for the purpose of offer for sale or solicitation or invitation to buy or subscribe any securities or in the context where its distribution may be construed as such offer, solicitation or invitation, in any such case except in compliance with any applicable exemption. The distribution of this document in or to persons subject to other jurisdictions may be restricted by law and persons into whose possession this document comes should inform themselves about, and observe, any such restrictions. Any failure to comply with these restrictions may constitute a violation of the laws of the relevant jurisdiction.

Note: All references to \$ within this Presentation refer to US dollars. Due to rounding, numbers presented throughout this Presentation and other documents may not add up precisely to the totals provided and percentages may not precisely reflect the absolute figures.

KEFI – Why Now?

Share Price 10% of NPV of Main Project (US\$2,500/oz)

Advanced Projects + a Large Pipeline

Successful Financing at Regional Company Levels

Experienced Team: First Mover Advantage in Arabian-Nubian Shield

- ❑ Share Price has dropped 90% from 2017, due to Ethiopia internal turmoil
- ❑ Ethiopia lifted state of emergency in 2022. Now back in Top 10 growth countries
- ❑ Saudi Arabia has also turned positive. Mining industry now entering both countries

- ❑ 15 Years of focus and tenacity has yielded 3 advanced projects and a pipeline...
- ❑ **Ethiopia -Tulu Kapi Gold.** Early Works launched at this high-grade gold open pit. 140Koz pa from 2026 increasing to 200Koz pa with underground mine
- ❑ **Saudi Arabia - Jibal Qutman Gold and Hawiah Copper Gold.** These discoveries have combined resource-base almost double Tulu Kapi in gold-equivalent terms

- ❑ **c.US\$200M expenditure on these projects since 2006** with US\$100M funded by KEFI London-Listed parent company and the balance by partners
- ❑ **Development Capital** for the three projects expected to require little or no further contribution from KEFI due to the regional capital assembled

- ❑ **Experienced team** with mine development and financing track record
- ❑ **Expansion potential** - Newly discovered, near-surface deposits: expansion upside
- ❑ **Growth Pipeline** - Licences carefully selected with benefit of in-country experience

Why Ethiopia now, as well as Saudi Arabia?

2023-24 ETHIOPIAN STRATEGIC INITIATIVES:

- Ethiopian membership of both of KEFI's two banks
- Security installed for priority projects for permanent safety
- Launch of Ethiopian Stock Exchange planned for Q3-2024

“The pace of change in Ethiopia has been so fast since Dr Abiy Ahmed became Prime Minister it is almost like observing a different country” - BBC

2023-24 REGULATORY REFORMS:

- Capital and currency controls eased, starting with KEFI
- Transparent licensing introduced for exploration and mining
- Ethiopian Capital Markets Authority encouragement of local participation in priority sectors such as telecom and mining

“Mr Abiy lifted the state of emergency, ordered the release of prisoners, allowed dissidents to return home and unblocked hundreds of websites and TV channels.” - BBC

Stakeholders meeting July 2024

At the site of Tulu Kapi's initial construction camp.
Overlooking the planned site processing facilities and mine

School provided by KEFI Minerals Ethiopia
for the Tulu Kapi community

Current Priorities

Tulu Kapi Gold Project US\$320M

Formal Process Underway, Comprising the following Parallel Streams:

- Project Debt Finance of US\$190M between 2 banks
 - 1st Bank TDB has already approved for US\$95M. 2nd bank procedures are alongside the progress of Early Works and Regional Equity-Raisings
- Regional Equity Raisings in Subsidiaries: Shares+Equity Risk Notes US\$130M
 - 1st Share Investor has committed c.US\$20M
 - 1st ERN Investor had approved and is refreshing approvals for US\$15M
 - Formal process underway for the balance with sophisticated investors
 - Priority for Ethiopians before offering participation to others from September
- Early Works commenced with community, at site and engineering preparations
 - Upon successful completion of Early Works, trigger signing of documentation
 - Funds drawdowns for Major Works: procurement and community resettlement to start for planned commissioning of production mid-2026

Saudi Arabia Projects

- Resolve development plans for Jibal Qutman Gold and Hawiah Copper-Gold
- Continue arranging development financing at level of operating company

Expand Project Pipeline beyond the 3 Development Assets

- Growth initiatives in proximal and regional areas to follow the 3 development assets being funded at the level of the operating companies

CAPITAL STRUCTURE (LON: KEFI)

52 Week Low - High	0.49p – 0.92p
Current Share Price	0.59p
Market Cap	£35M (US\$45M)
Per share valuation based on NPV (5%) of Tulu Kapi* plus US\$80/oz Resource Saudi production estimate**	10p
Shares on Issue (billion)	6.1
Options & Warrants on Issue (million) at VWAP 1.62p	264
Percentage of Shares Held by Management	8%

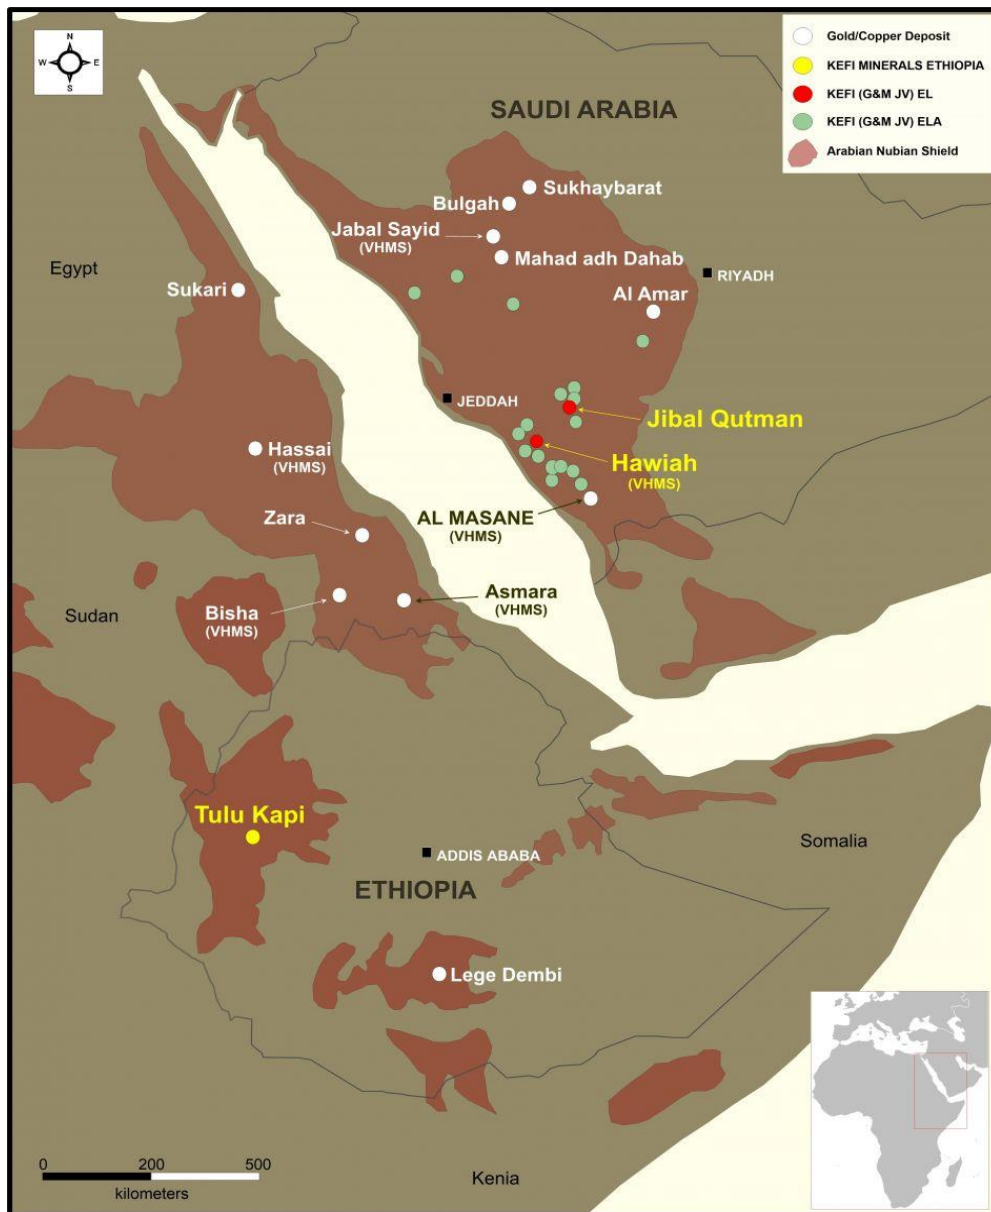

DIRECTORS

Harry Anagnostaras-Adams	Executive Chair
John Leach	Finance Director
Addis Aleymayehou	NED
Alistair Clark	NED
Richard Robinson	NED

Notes: Share data at 26 August 2024

* NPV (5%) Tulu Kapi based on after tax net cash flows to equity at US\$2500/oz

** Valuation Saudi assets based on US\$80/oz pr oz resource

KEFI is the Early Mover, with Discoveries & Growth Platform

ETHIOPIA – Majority Share of No.1 Project

- 2017 JV with Government - started Early Works in 2024
- 144Koz pa open pit, with underground mine to lift gold production to 200Koz pa
- 1.7Moz high-grade gold (2.1g/t O/P Ore Reserve and 5.6g/t U/G Mineral Resource)
- US\$320M financing package close to completion
- Pipeline of gold and base metal projects

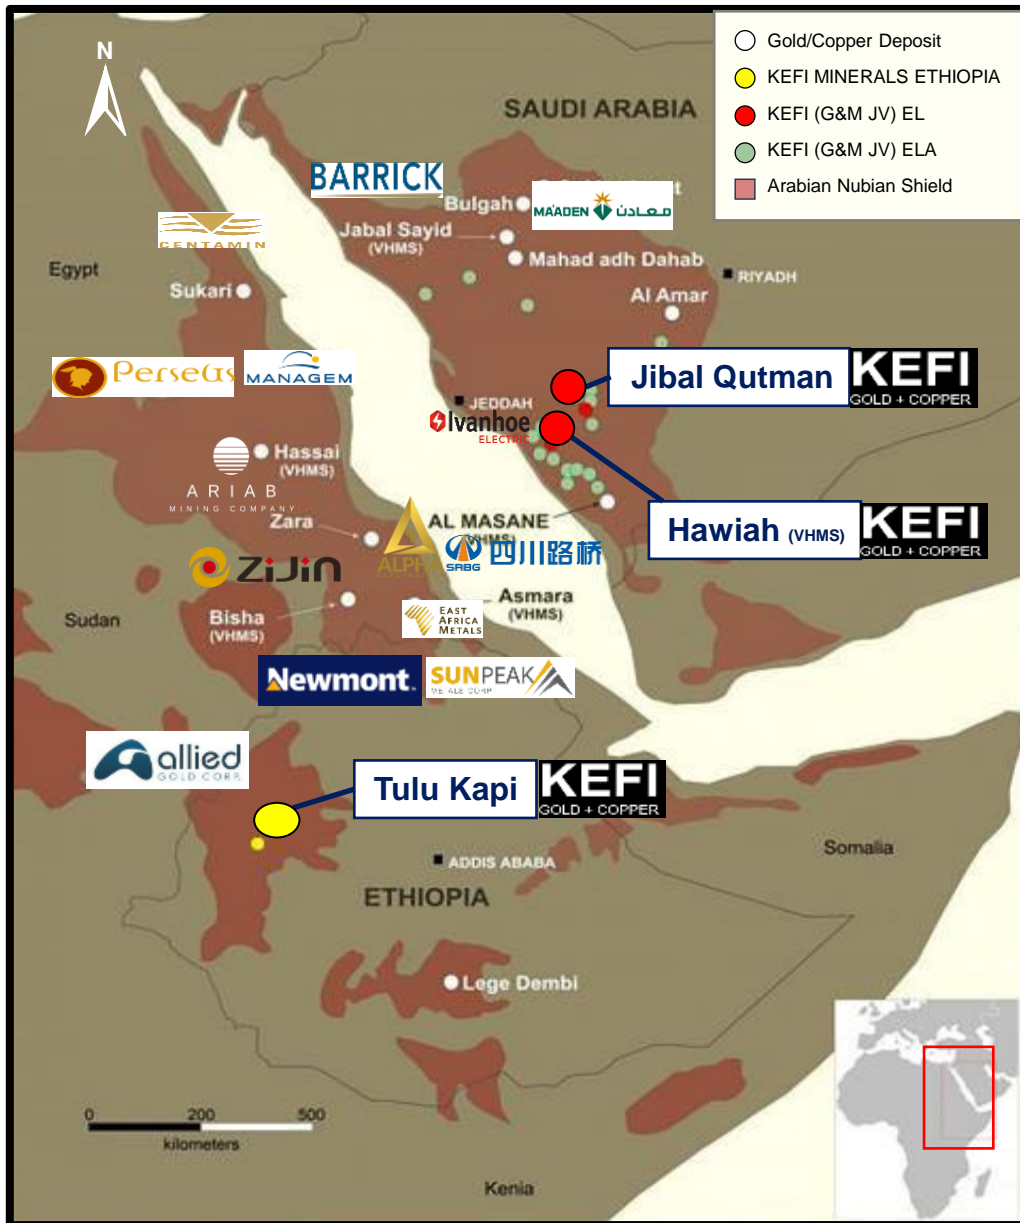

SAUDI ARABIA – Minority Share in Projects

- 2008 JV with ARTAR
- 2 major discoveries – advancing towards development:
 - Hawiah (copper & gold) PFS completed, selecting development scenario
 - Jiblah Qutman (gold) PFS completed, selecting development scenario
- Total resource base c. 3Moz (Au eq) and likely to quickly double
- Pipeline of gold and base metals projects

REGIONAL FOCUS AND RELATIONSHIPS

- We are reinforcing our regional relationships to accelerate growth

Arabian-Nubian Shield Takes Off After Positive Developments in the Major Host Countries

ETHIOPIA:

- 2022** Lifting of State of Emergency at end of conflicts following democratic reforms
- 2023** Relief from exchange control for KEFI and other National Strategic Priorities
- 2024** Deployment of Permanent Security Protection of KEFI and other Strategic Priorities
- 2024 Floating of the local currency (Ethiopian Birr)
- 2024 International creditor rescheduling following IMF Funding Package
- 2024 Launch of Ethiopian Stock Exchange to spur private sector growth

SAUDI ARABIA:

- 2021** Licences started being issued after many years of systems overhaul
- 2022** The “Saudi Vision 2030” Policy emphasised mining and minerals processing
- 2023** Underutilised licences released back into the system of open ground
- 2023 Several global mining majors started applying and bidding for ground
- 2024** KEFI’s GMCO remains the only company with discoveries within the past decade and with two development projects undergoing feasibility study

KEFI’S projects and other selected projects in the Arabian-Nubian Shield

KEFI Board of Directors

Experienced Industry Specialists for the Region

Harry Anagnostaras-Adams

Executive Chair – B. Comm, MBA, Fellow of Australian Institutes of Management & Company Directors

Founder or co-founder of Citicorp Capital Investors Australia, investment company Pilatus Capital, Devex, Doral, Gympie Gold, Australian Gold Council and ATALAYA Resources. He has focused on the Arabian Nubian Shield since 2006 via KEFI Gold and Copper and Cyprus-based Semarang Enterprises. He has overseen a number of successful start-ups in those and their related organisations principally through the roles of Chairman, Deputy Chairman or Managing Director. He qualified as a Chartered Accountant early in his career while working with Price Waterhouse Coopers.

John Leach

Finance Director – BA Economics, MBA, CA (Australia & Canada)

> 25 years' experience in senior executive positions in the mining industry internationally and is a former non-executive Chairman of Australian-listed Pancontinental Oil and Gas NL. He is a Chartered Accountant in Australia and Canada and is a Fellow of the Australian Institute of Directors.

Addis Alemayehou

Non-Executive

Chairman of Kazana Group, a diversified investment firm dedicated to early-stage, high-impact, tech-driven, and climate-smart initiatives, aiming to generate mass employment in Africa. Renowned for launching transformative ventures in Ethiopia, Mr Alemayehou established Kana TV, the country's first dubbed television station; Afro FM, Ethiopia's inaugural English-language radio station; and 251 Communications, a leading communications company.

Alistair Clark

Non-Executive – Chair of Remuneration Committee, Doctor of Philosophy, Bachelor of Science

2001-2021 Managing Director, Environment and Sustainability Department at the European Bank for Reconstruction and Development (EBRD), undertaking Environmental and social Appraisals of over 5,000 projects in diverse sectors, and oversaw the development of the 5-year policy frameworks for environmental and social issues under which the institution can operate. Developed the Annual Sustainability Report which details the Bank's Environmental, Social and Governance (ESG) of its internal and investment activities.

Richard Robinson

Non-Executive – representative with the Executive Chairman on Joint Venture Operating Company Boards. Master of Mineral Economics Queen's University (Can); B. Computer Science University of Natal (South Africa).

> 40 years in the gold, platinum, base metal and coal industries, with over 20 years at Gold Fields of South Africa where he had responsibility for gold operations and exploration, base metals and coal operations, and the group commercial activities. His experience also includes being Managing Director of Normandy LaSource, Non-Executive Chairman of the private Swiss multinational Metalor Technologies International and Non-Executive Director of Recylex.

Management Team - Executive Directors Plus...

Eddy Solbrandt – Chief Operating Officer

Eddy began his career in the mining industry in 1986 and has since worked in open cut and underground metalliferous mines, as well as in coal, gold and mineral sands in Australia, New Zealand, USA, Canada, Mexico, UK, Ukraine, Russia, Kazakhstan, Indonesia, Thailand, South Africa, Mozambique and Namibia.

Eddy is founder of GPR Dehler, an international management consultancy which specialises in productivity improvement for mining companies worldwide, especially in the areas of human resources development and performance improvement.

He is adept at providing swift assessment, analysis and development of solutions and strategies for achieving strategic, operational and financial objectives integrating process, people and technology. He is a seasoned facilitator experienced in designing and conducting strategy workshops.

Robert Williams - Corporate Development & Technical Studies

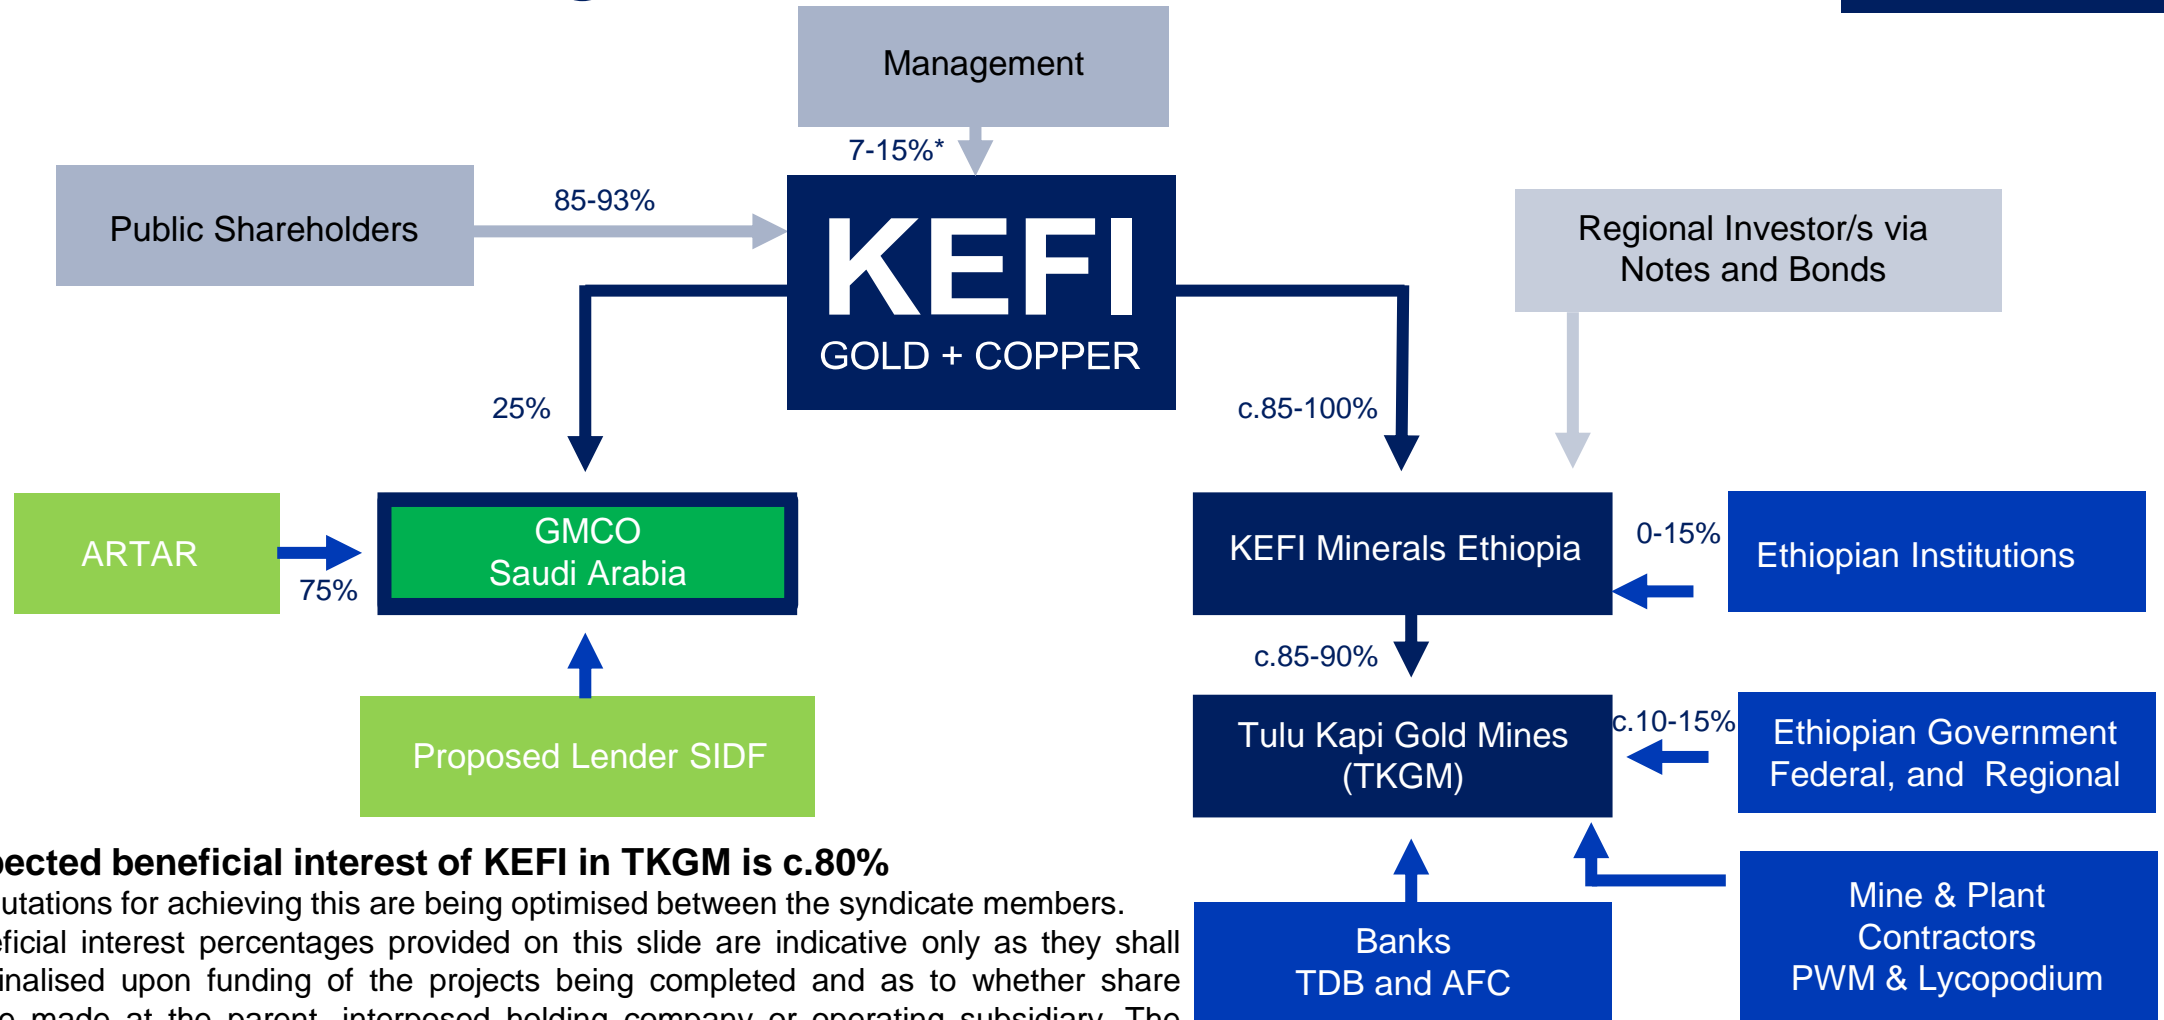

Rob began his career in mining as an underground miner in 1978. In the subsequent two and a half decades he completed tertiary and postgraduate qualifications in Mining Engineering, Business Administration and Finance while working in every operational area and support function (in most cases at a leadership level) on a variety of mine sites from Bougainville (Rio - Copper) to Henty (Barrick - Gold) and some start ups with the Executive Chairman as well, in Australia and Europe.

Since that time Rob has worked in studies and project management for BHP (Olympic Dam - Copper) and what has become Atalaya Mining (Rio Tinto Mine - Copper).

He is adept at project planning and evaluation on both technical and financial levels as a result of his deep multidisciplinary experience.

KEFI Corporate Structure

Emphasis on Regional Alliances

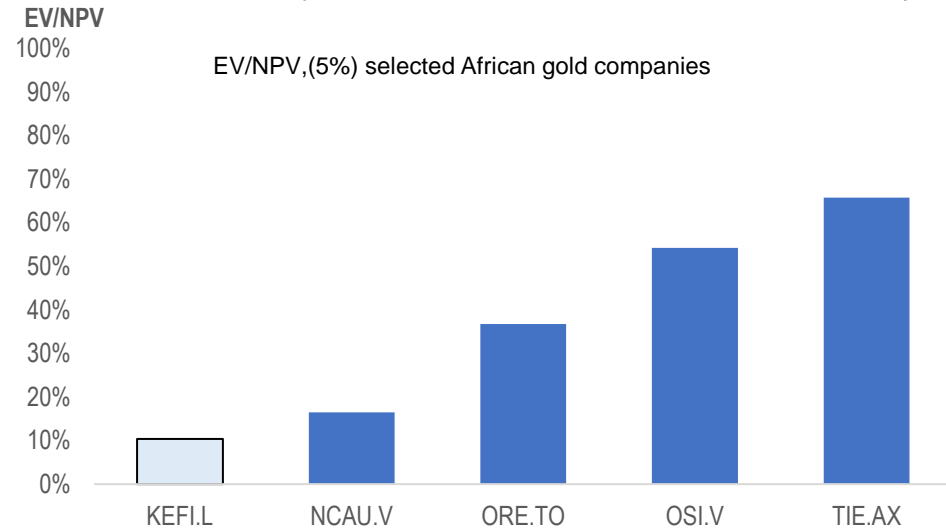

The expected beneficial interest of KEFI in TKGM is c.80%

The permutations for achieving this are being optimised between the syndicate members. The beneficial interest percentages provided on this slide are indicative only as they shall only be finalised upon funding of the projects being completed and as to whether share issues are made at the parent, interposed holding company or operating subsidiary. The percentages on the slide represent the current expectation of KEFI management.

Comparative Valuations

KEFI Undervalued vs. Peers, despite High Quality Projects

Tulu Kapi Gold Mine

- Lead bank and Lead investors have approved US\$320 million finance package
- Early Works commenced to prepare for finance closing October 2024
- Major Works to follow finance closing and target production commissioning mid-2026

Tulu Kapi Overview

Planned Tulu Kapi site layout from DFS and optimisation studies

- Standard 2Mtpa CIL processing plant
- Contract mining – truck and shovel
- Open pit waste to ore ratio of 7.5 to 1
- Head grade of 2.1g/t gold
- Gold recoveries of 93%
- Annual gold production of c.140Koz
- 1.0Moz gold to be mined from open pit
- Potential for another 1Moz gold to be mined below open pit

Strong Project Economics for Tulu Kapi

Ethiopia - 2024 Expected Milestones Ahead

2024 in Ethiopia - Launch Tulu Kapi and Restart Ethiopian Exploration

Early Works were launched in May 2024:

- Newly formed Federal Mining Police deployed around the Mining Licence Area;
- Now giving final briefings to the community on development and resettlement plans;
- Dismantling the old camp and installing new site facilities;
- Sequential stepping-up of multi-layered security along with community and site activities;
- Procurement engineering and last-minute refreshing of fixed-price, lump-sum contracts for execution;
- Satisfying residual administrative conditions precedent to signing;
- Legal documentation readied for signing upon confirmations that all in order for Major Works; and
- The lenders' independent security adviser then confirms that Major Works may proceed.

Following the signing of detailed definitive documentation and launching of Major Works from October 2024, our schedule is to commence commissioning gold production in mid-2026.

Tulu Kapi Mineral Resources & Ore Reserves

Resources - 1.72Moz of contained gold at 2.65g/t

Resource Category	Area	Tonnes (millions)	Gold (g/t)	Contained Gold (Moz)
Indicated	Above 1,400m RL	17.7	2.49	1.42
Inferred		1.3	2.05	0.08
Sub-Total		19.0	2.46	1.5
Indicated	Below 1,400 RL	1.1	5.63	0.20
Inferred		0.1	6.25	0.02
Sub-Total		1.2	5.69	0.22
Indicated	Overall	18.8	2.67	1.62
Inferred		1.4	2.4	0.10
Total		20.2	2.65	1.72

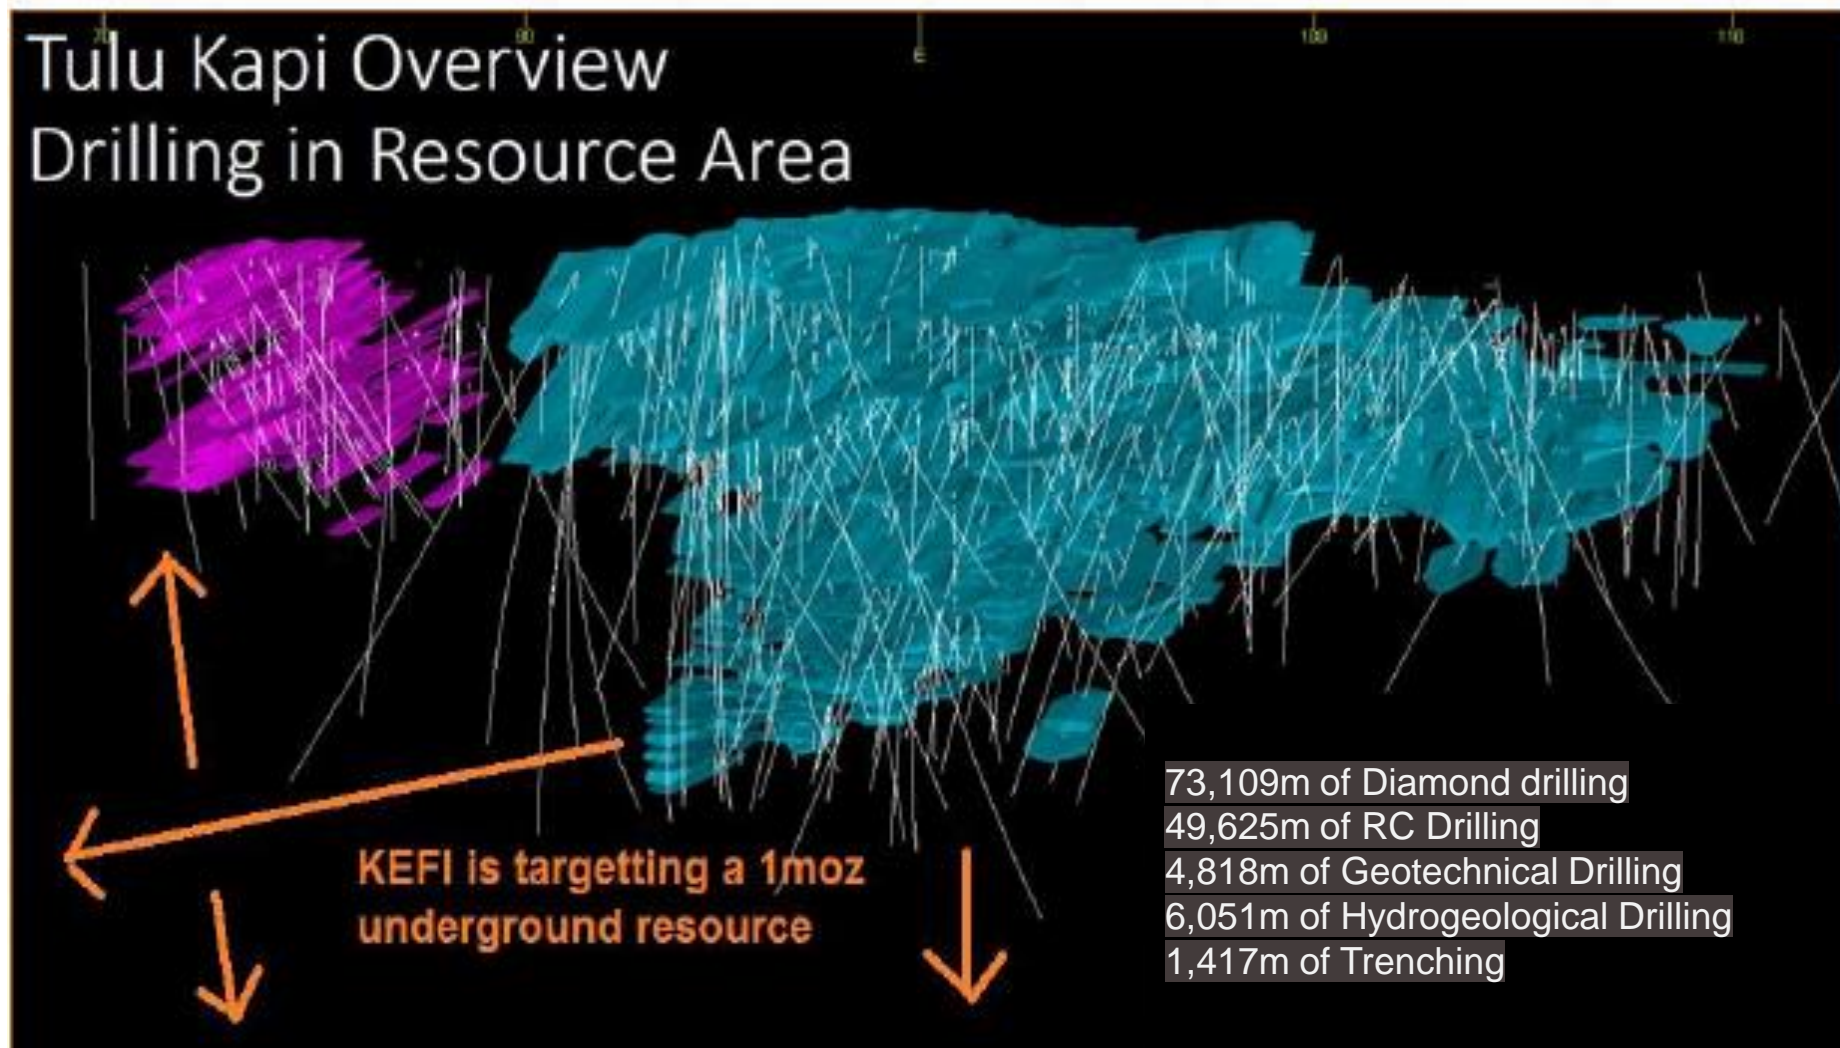

Reserves - 1.05Moz of contained gold at 2.12g/t

Reserve Category	Cut-off g/t gold)	Tonnes (millions)	Gold (g/t)	Contained Gold (Moz)
Probable – High Grade	0.90	12.0	2.52	0.98
Probable – Low grade	0.50-0.90	3.3	0.73	0.08
Total		15.4	2.12	1.05

Notes:

- Resources were estimated using cut-off grades of 0.45g/t gold above 1,400m RL and 2.50g/t gold below 1,400m RL. (For further information, see KEFI announcement dated 4 February 2015)
- Mineral Resources are inclusive of Ore Reserves
- Mineral Resources and Ore Reserves were estimated using the guidelines of the JORC Code (2012)

Tulu Kapi - 130,000m of Drilling: Still Open at Depth

CSR Policy & Strategy

A Long-Term Partnership Between KEFI, Government & Community

- Open communication and transparency, cooperative and collaborative engagement
- Government support and guidance to help facilitate and coordinate, activate formal communication platforms
- Engage community for inputs into program design and needs and to take on leadership roles for implementation
- Aim to be a valued neighbour to our nearby communities and maximise opportunities for long-term local development
- Contribute to sustainable development by working with affected communities, all levels of government and wider society to deliver sustainable local, regional and national benefit

Resources &
Reserves

Saudi Arabia

Two advanced projects and large regional portfolio

GMCO JV

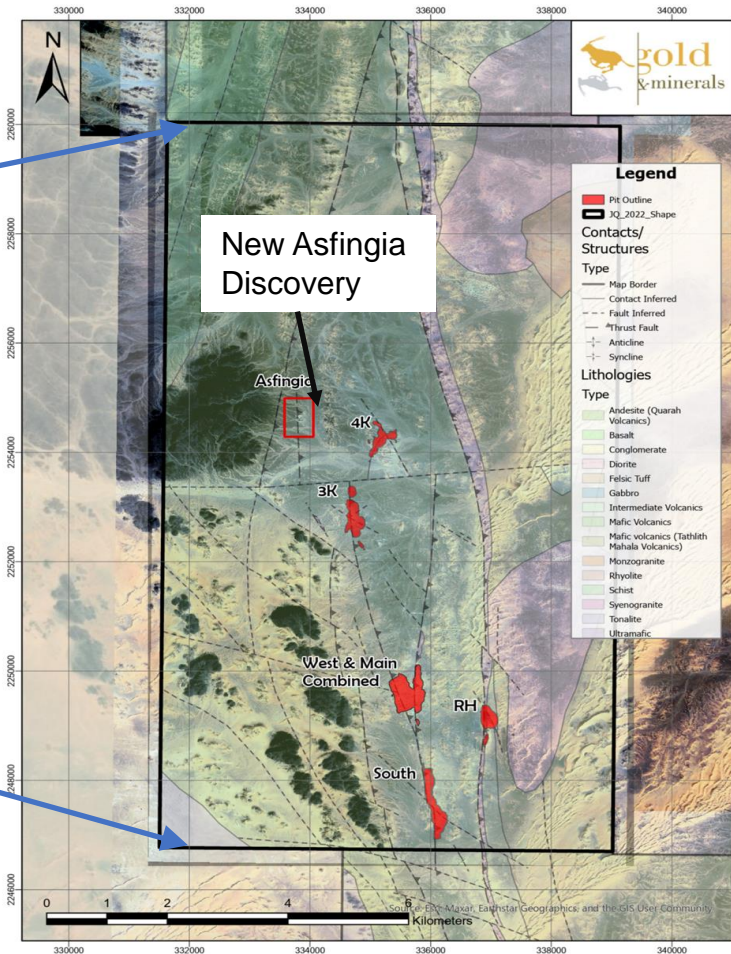

~1,000km² License Package

- GMCO holds Exploration Licences (“EL’s”) via (ARTAR) covering ~1,000 km² and further applications (ELA’s)
- All licences being transferred into GMCO for ease of project financing
- Teams mobilised onto 14 new EL’s, three times what GMCO was granted in previous 13 years
- Ivanhoe Electric and Eurasian Resources Group entered Saudi Arabia in 2023, promoting major exploration programmes

Jibal Qutman - Near Surface, Orogenic Gold)

~270Km² Licence Package Including 0.7Moz Resource as basis for the current DFS

A GMCO discovery on which work was suspended in 2016 during a regulatory overhaul and the site was re-accessed in late 2022

Mining Licence Area initially planned in 2016 and the since-traced extensions of the same mineralised structures, north and south

The JQ feasibility study focuses on establishing the viability of starting production whilst exploration continues to expand mine life or annual output or both

Exploration is in progress on the MLA and on the 3 Exploration Licences

The recent Asfingia discovery within the Proposed Mining License Area (13.9m at 7.9g/t Au, 25.5m at 1.9g/t Au) demonstrates continuing discoveries adding to project potential

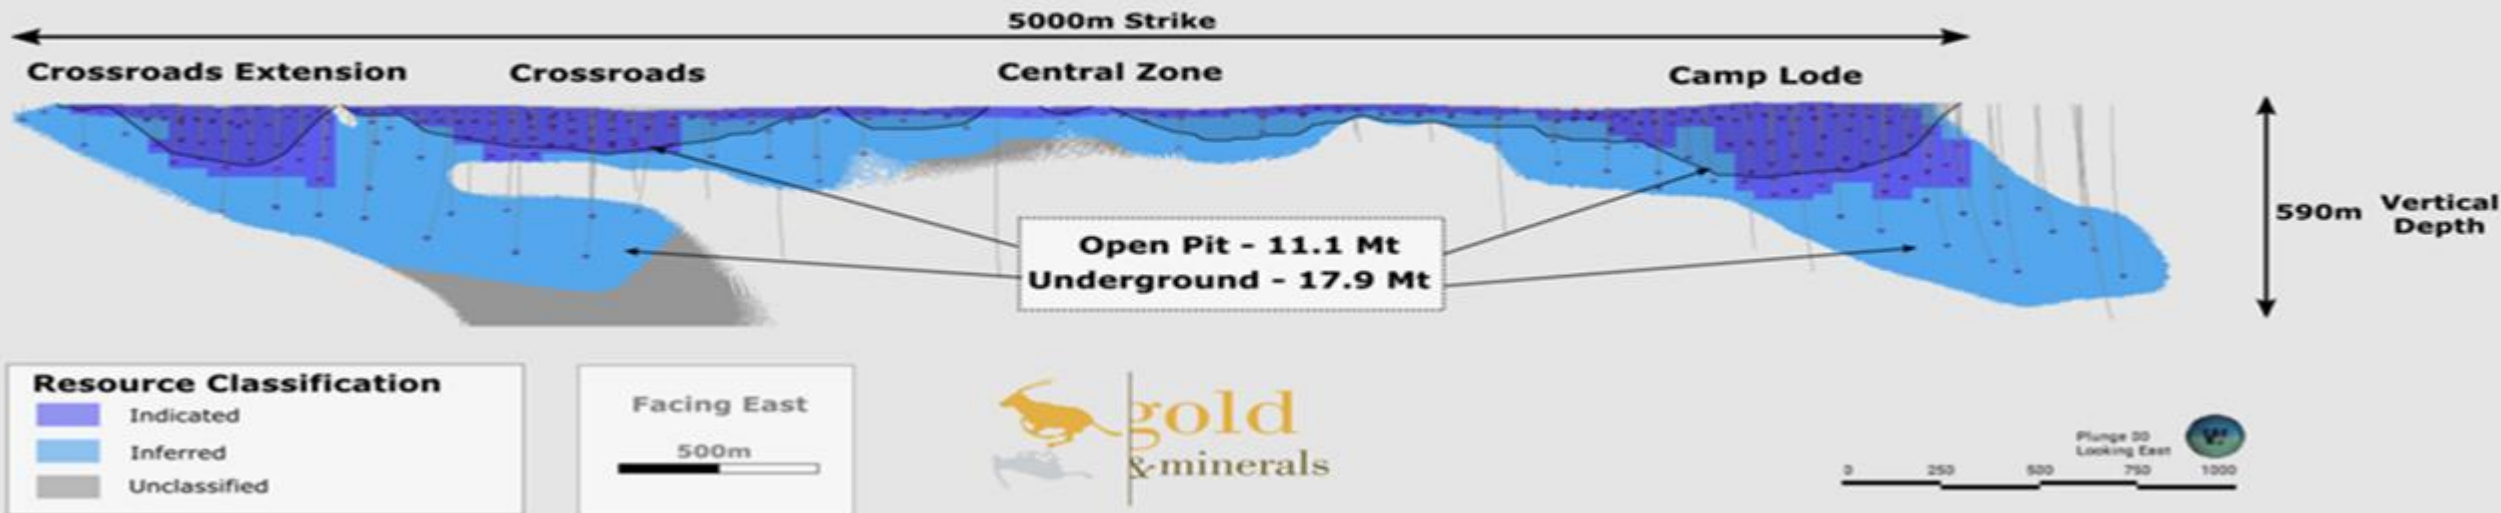

Hawiah - VMS Copper-Gold-Zinc-Silver

Top 3 base metals discovery in Saudi Arabia – working on DFS

- Major greenfield discovery made in 2019
- 101,000m drilling programme since 2019
- Mineral Resource of 29Mt at 0.89% copper, 0.94% zinc, 0.67g/t gold and 10.1g/t silver
- Further near-term resource expansion – Al Godeyer, Crossroad Extension deeps and Central Zone. Recent additional discovery at Abu Salal
- Hawiah now ranks as one of the top 3 base metal projects in Saudi Arabia
- PFS completed in 2023; now working on DFS
- Targeted to be brought into production in 2027

Hawiah Project - Long section displaying resource classification and open pit shells

Hawiah Project - Long section of the 2022 block model coloured by \$NSR value

Saudi Arabia - 2024 Expected Milestones

- **Select Preferred Development Plans for Jibal Qutman Gold and Hawiah Copper-Gold VMS**
- **Trigger DFS and Financing Plans for Both**
- **Ramp-Up Regional Exploration**

Jibal Qutman Gold and Hawiah Copper-Gold

- Report drilling results for resource extension and in-fill, also scout drilling along strike
- Report updated Mineral Resources and Ore Reserves
- Select preferred development plan and trigger completion of DFS
- Report development finance plan and targeted timing
- Saudi Industrial Development Fund engaging on debt-development funding and others on equity

Regional Exploration Projects

- Exploration results
- Portfolio expansion and optimisation

AMAK – listed in Saudi Arabia

Metrics vs GMCO

AMAK has similar but smaller deposits and has a Market Cap of US\$1.6bn

	AMAK	GMCO
Copper-Gold Mine/Project	Al Masane UG	Hawiah OP + UG
Mineral Resources	8.6Mt @ 1.0% Cu, 5.0% Zn, 1.0g/t Au, 38g/t Ag ²	29Mt @ 0.89% Cu, 0.94% Zn, 0.7g/t Au, 10g/t Ag
Processing Plant	0.8Mtpa Operating	2.0Mtpa PFS
Gold Mine/Project	Jabal Guyan OP	Jibal Qutman OP
Mineral Resources	2.6Mt @ 2.9g/t Au, 242 Koz ²	28.4Mt @ 0.8g/t Au, 733Koz Au
Processing Plant	0.3Mtpa Operating	2.0Mtpa DFS

- AMAK (Al Masane Al Kobra Mining Company) is listed on Saudi Stock Exchange and has a market cap of US\$1.5 billion¹
- KEFI is listed on AIM with a market cap of only £35M (US\$45M)¹
- KEFI owns 25% of GMCO and also owns the majority of the 1.7Moz Tulu Kapi Gold Project
- Hawiah has lower grades than AMAK's Al Masane but Resource is 3X larger
- Jibal Qutman Resource has 3X more ounces of gold than AMAK's Jabal Guyan

Notes – 1. KEFI and AMAK market caps as at 12 August 2024 2. Mineral Resources for Masane as at 31 Dec 2020 and Jabal Guyan as at 31 Dec 2020.

KEFI is about to be an overnight success – after 15 Years

- Both Ethiopia and Saudi Arabia have turned for the better
- Both countries especially supportive of us
- We have a shovel-ready project in Ethiopia and two coming in Saudi Arabia
- Gold and copper price long term outlook has never been better
- Strong regional alliances
- Now is the right moment to move into the development phase

KEFI's projects and other selected projects in the Arabian-Nubian Shield
